Implementation of the insurance plan(s) will depend on having a specific percentage of all eligible employees enrolling in the plan(s). If this percentage of enrollment level is not met, these coverage(s) may not be effective.

Benefits, exclusions and provisions may vary by state. Refer to the plan booklet for details.

For your coverage to become effective, you must be actively at work on the effective date of the plan. If you apply for an amount that requires satisfactory evidence of insurability to The Prudential Insurance Company of America, you must be actively at work on the date of approval for the amount requiring satisfactory evidence of insurability.

\*Accelerated Death Benefit option is a feature that is made available to group life insurance participants. It is not a health, nursing home, or long-term care insurance benefit and is not designed to eliminate the need for those types of insurance coverage. The death benefit is reduced by the amount of the accelerated death benefit paid. There is no administrative fee to accelerate benefits. Receipt of accelerated death benefits may affect eligibility for public assistance and may be taxable. The federal income tax treatment of payments made under this rider depends upon whether the insured is the recipient of the benefits and is considered "terminally ill" or "chronically ill." You may wish to seek professional tax advice before exercising this option.

**This coverage is not health insurance coverage (often referred to as "Major Medical Coverage").**

**This type of plan is NOT considered "minimum essential coverage" under the Affordable Care Act and therefore does NOT satisfy the individual mandate that you have health insurance coverage.**
